Re: Case No. 18-1633-PET – Petition of Green Mountain Power for approval of a multi-year regulation plan pursuant to 30 V.S.A. §§ 209, 218, and 218d

Dear Ms. Whitney:

Green Mountain Power hereby provides its Prefiled Rebuttal Testimony in the above-referenced proceeding.

As outlined in the attached testimony, GMP has revised its proposed Multi-Year Regulation Plan to address many of the comments and recommendations offered by the parties in this proceeding, including the Department of Public Service and Renewable Energy Vermont. The Revised Plan builds on the parties' broad areas of agreement, and offers specific changes that simplify the Plan, allow for greater transparency in its implementation, and provide a foundation for further innovation to meet the challenges of climate change while addressing costs for GMP's customers.

Thank you for your review of this filing. If you have any questions, do not hesitate to contact me.

Sincerely,

Geoffrey H. Hand, Esq.
