

## **CUSTOMER NOTICE**

As part of its current approved Multi-Year Regulation Plan (Plan), GMP filed a request for a change in base rates to be reviewed by the Vermont Public Utility Commission (PUC). For the period of October 1, 2025, through September 30, 2026, GMP is requesting approval for a 7.35% increase to base rates.

Base rates cover projected routine costs to serve customers with safe, reliable power. The proposed changes in base rates this year reflect increases in regional energy markets and regional transmission costs. For an average residential customer using 550 kWh per month, this is about \$9 more a month. The PUC and Department of Public Service (DPS) will review this request over the coming months, with the DPS providing recommendations to the PUC by August 1, 2025.

Contact us at 1-888-835-4672 for more info. Or visit <https://greenmountainpower.com/regulatory/rate-regulation-plan-filings>.

Please file comments with the PUC at <https://epuc.vermont.gov/> (search for Case No. 25-1069-TF) or by email at [puc.clerk@vermont.gov](mailto:puc.clerk@vermont.gov).
